
Critical Disability Theory

Law and Society Series**W. Wesley Pue, General Editor**

The Law and Society Series explores law as a socially embedded phenomenon. It is premised on the understanding that the conventional division of law from society creates false dichotomies in thinking, scholarship, educational practice, and social life. Books in the series treat law and society as mutually constitutive and seek to bridge scholarship emerging from interdisciplinary engagement of law with disciplines such as politics, social theory, history, political economy, and gender studies.

A list of the titles in this series appears at the end of this book.

*Edited by Dianne Pothier
and Richard Devlin*

Critical Disability Theory:
Essays in Philosophy, Politics,
Policy, and Law
