Acknowledgements xiv

Part 1: Language and dialect 1
1 Witsuwit'en 3
1.1. Geography 3
1.2. Demographics 4
1.3. Previous research on Witsuwit'en-Babine 5
1.4. Witsuwit'en-U'in Wit'en dialects 6
1.5. Witsuwit'en dialects 10
1.6. Carrier vs. Witsuwit'en-Babine 10
1.7. Language name 14

Part 2: Segmental phonetics and phonology 17
2 Consonant contrasts 19
2.1. Consonant inventory 19
2.2. Labial consonants 20
2.3. Nasal consonants 20
2.4. Voiced vs. voiceless fricatives 21
2.5. Labio-velar consonants 29
2.6. /h/ 34
2.7. Vɣ 42
2.8. Summary 45
3 Consonant phonetics 46
3.1. Ejective stops 46
3.2. Final glottalic consonants and voice quality 94
3.3. T- qualifier prefix 138
3.4. Summary 150

4 Vowel quality 151
4.1. Introduction 151
4.2. Previous analyses 152
4.3. An acoustic study of vowel quality 155
4.4. Summary 188
4.5. Tables of numerical results 188
5 Vowel quantity 191
5.1. Introduction 191
5.2. Reduced vs. full vowels 191
5.3. Long full vowels 202
5.4. /ə/ lengthening 203
5.5. A phonetic study of /a/, /aa/ and lengthened /ə/ 203
5.6. Representation of the reduced and full vowel classes 209
5.7. Summary 212
6 Consonant and vowel classes 213
6.1. Laryngeal features 213
6.2. Place features 218
6.3. Manner features 224
6.4. Summary 225

Part 3: Morphology and phonological structure 227
7 Nouns 229
7.1. Possessive prefixes 229
7.2. Pronouns 237
7.3. Nominal roots 238
7.4. Compounds 245
7.5. Plural and vocative forms 254
7.6. Noun classes 256
7.7. Nouns derived from other lexical categories 267
7.8. Loan words 277
7.9. Summary 285
8 Postpositions 286
8.1. Inflection for object of postposition 286
8.2. Postposition stems: phonological properties 294
8.3. Postposition stems: semantic properties 299
8.4. Noun phrases containing postpositional phrases 304
8.5. Summary 305
9 Directional system 307
9.1. Introduction 307
9.2. Directional morphemes 307
9.3. Directional words 310
9.4. Directional adverbs vs. postpositions 312
9.5. Co-occurrence with verb prefixes 315

9.6. Lexical items historically derived from directional adverbs 315
9.7. Summary 317
10 Adjectives 318
10.1. Predicate adjectives 318
10.2. Nominal adjectives 319
10.3. Post-nominal adjectives 321
10.4. Summary 326
11 Numbers 327
11.1. Cardinal numbers 1-10 327
11.2. Ordinal forms of numbers 329
11.3. Numbers: 11+ 329
11.4. Summary 330
12 Overview of verb structure 331
12.1. The lexical verb 331
12.2. Inflection 332
12.3. Derivation 332
12.4. Prefix order restrictions 333
12.5. Discontinuity 333
12.6. The verb system 334
13 Verb roots 335
13.1. Overview 335
13.2. The lexical root 335
13.3. Number 337
13.4. Ablaut 338
13.5. Imperative suffixation 338
14 Verb prefix position classes 340
14.1. Introduction 340
14.2. Voice/valence (classifier) 341
14.3. Inner subject 355
14.4. Tense/negative/conjugation 356
14.5. Qualifier 384
14.6. Pronominal 403
14.7. Distributive: /n/ 423
14.8. Incorporated root 427
14.9. Inceptive /ho/ 431
14.10. Negative: /we/ 434
14.11. Multiple: /ye/ 435
14.12. Iterative: /ne/ 438
14.13. Preverb: postposition/adverbial 443
14.14. Summary 458
14.15. Word external verb theme forming elements 459
15 Aspectual verb suffixation 461
15.1. Introduction 461

15.2. Continuative 464
15.3. Momentaneous 471
15.4. Persistive 480
15.5. Distributive 480
15.6. Conclusive 482
15.7. Durative 490
15.8. Repetitive 498
15.9. Neuter 501
15.10. Semelfactive 506
15.11. Customary 509
15.12. Progressive 514
15.13. Summary of aspectual stem variation 517
16 Verb theme categories 519
16.1. Introduction 519
16.2. Active vs. neuter verb themes 520
16.3. Active verb themes 522
16.4. Neuter verb themes 556
16.5. Summary 568
17 Inflectionally defective verbs 569
17.1. Third person subject only 569
17.2. No perfective 569
17.3. No perfective and no positive 570
17.4. Suppletive perfective 570
17.5. No imperfective 570
17.6. Imperfective negative only 570
17.7. Imperative only 571
17.8. No negative 571
17.9. No tense or subject 571
17.10. Summary 573
18 Phonological domains 574
18.1. Word domain 574
18.2. Stem domain 585
18.3. Prefix domain 586
18.4. Conjunct domain 588
18.5. Qualifier domain? 593
18.6. Summary 600

Part 4: Suprasegmental phonology 601
19 Syllables 603
19.1. Syllable types 603
19.2. Coda consonants 604
19.3. Word-final rhymes 607
19.4. Onsetless syllables 609

19.5. Consonant clusters 612
19.6. Antigemination 617
19.7. Syllable weight 620
19.8. [ə] ~ 0 alternations 620
19.9. Glides 627
19.10. Summary 630
20 Stress 631
20.1. Previous analyses 631
20.2. Word stress: qualitative observations 633
20.3. Phonetic correlates of stress in Witsuwit'en 643
20.4. Summary 668

Part 5: Prefix case studies 669
21 Morpheme-specific alternation 671
21.1. Introduction 671
21.2. Allomorphy as output optimization 671
21.3. Co-phonologies vs. prespecification 678
21.4. Summary 678
22 First person plural subject prefix 680
22.1. Introduction 680
22.2. Overview 681
22.3. ___V 682
22.4. V___.C 683
22.5. C___.C 686
22.6. *PWd*[___.C 687
22.7. ___C. 688
22.8. *PWd*[C___ 689
22.9. Second person singular object + first person plural subject 691
22.10. Summary 692
22.11. Cross-linguistic perspective 693
23 Areal prefix 694
23.1. Introduction 694
23.2. The areal prefix in Witsuwit'en 695
23.3. The verbal areal prefix 695
23.4. The areal prefix with nouns, postpositions, adjectives and directional adverbs 702
23.5. Summary 704
24 D- voice prefix 706
24.1. Introduction 706
24.2. The Witsuwit'en pattern 707
24.3. First person dual subject 713
24.4. OT analysis 716
24.5. Thematic and iterative D- voice 720

24.6. D- combinations 726
24.7. Summary 729

Part 6: Conclusion 731
25 Witsuwit'en in comparative and theoretical perspective 733

Appendices 735
26 Historical phonology 737
26.1. Consonants 737
26.2. Reflexes of vowel initial roots 749
26.3. Vowels 750
27 Writing systems for Witsuwit'en-Babine 756
27.1. Introduction 756
27.2. G j vs. gg g 758
27.3. Cl vs. gil 758
27.4. Long full vowels 759
27.5. Front vowels 759
27.6. Uwh, eeyh vs. uh, ïh 760
27.7. Glottalized nasals 761
27.8. Conclusion 761
28 Verb paradigms 762
28.1. Imperfective and customary 762
28.2. Perfective 771
28.3. Future 790
28.4. Optative 792
28.5. Perfective negative 795
28.6. Non-perfective negative 799
28.7. Irregular verbs 809
29 Texts 812
29.1. Alfred Joseph, 1 July 1999, Witsuwit'en summit 812
29.2. Mabel Forsythe and Lillian Morris talking together, September 1997 815
