

Figures

- 1.1 Sexual identity and gender of relationship partner / 24
- 1.2 Gender of sexual partners of men / 25
- 1.3 Gender of sexual partners of women / 25
- 2.1 Masturbation, by gender / 39
- 2.2 Proportion of age group who never masturbate / 41
- 2.3 Reasons for not having had partnered sex / 43
- 2.4 Proportion of age group who had partnered sex in the past year / 44
- 2.5 Partnered sex this month, by sexual identity and gender / 46
- 2.6 Partnered sex this month, by relationship status / 47
- 2.7 Parental status and sexual behaviour, 59 or younger / 48
- 2.8 Pregnancy preference among those who have had intercourse this year / 49
- 2.9 Condom use, by sexual identity (men only) / 50
- 2.10 Condom use, by relationship status / 50
- 3.1 Proportion of age group who say “people my age just want to hook up” / 64
- 3.2 Ages 18–29 who say “people my age just want to hook up,” by region / 65
- 3.3 Ages 18–29 who think others want to hook up or start a relationship / 66

- 3.4 Proportion who agree that “telling someone I want to be exclusive with them makes me look needy” / 66
- 3.5 How did you meet your partner? / 68
- 3.6 How did you meet your partner? by gender, sexual identity / 69
- 3.7 Monogamy, by relationship status / 70
- 3.8 Monogamy, by gender and sexual identity / 71
- 3.9 Cheating in supposedly monogamous relationships / 72
- 3.10 Love between sexual partners / 73
- 3.11 Proportion saying most recent sexual encounter was emotionally intimate / 74
- 3.12 Emotional intimacy, by gender and sexual identity / 74
- 3.13 Love and intimacy, by relationship type / 75
- 4.1 Kissing and cuddling in most recent sex, by gender and sexual identity / 81
- 4.2 Kissing and cuddling in most recent sex, by region / 82
- 4.3 Kissing and cuddling in most recent sex, by relationship to partner / 83
- 4.4 How recently did you give/receive oral sex? / 84
- 4.5 Proportion giving oral sex in most recent sex, by gender / 85
- 4.6 Proportion of age group reporting no oral sex in lifetime / 86
- 4.7 Intimate massage in most recent sex / 88
- 4.8 Breast/nipple play in most recent sex, by gender pairings / 89
- 4.9 Genital stimulation with hands/fingers in most recent sex, by gender pairings / 89
- 4.10 Experience with anal sex, by gender / 91
- 4.11 Anal sex in most recent sex, by age group / 92
- 4.12 Men’s lifetime experience with anal sex, by sexual identity / 93
- 4.13 Women’s experience with vibrators / 94
- 4.14 Women’s vibrator use in most recent sex, by gender of partner / 94
- 4.15 Experience with vibrators and non-vibrating sex toys / 95
- 5.1 How much did you want your most recent sexual encounter? / 101
- 5.2 Reasons to have sex by those who did not want to / 101
- 5.3 How pleasurable was your most recent sex? / 103
- 5.4 Prior to your most recent sex, what was your level of desire? / 103

- 5.5 How pleasurable was most recent sex? How aroused were you? / 104
- 5.6 Proportion reporting most recent sex was quite/extremely pleasurable, by gender and sexual identity / 104
- 5.7 Proportion feeling quite/extremely aroused in most recent sex, by age and gender / 106
- 5.8 Proportion reporting quite/extremely pleasurable most recent sex, by health and gender / 107
- 5.9 Proportion reporting quite/extremely pleasurable most recent sex, by mental health and gender / 109
- 5.10 Relationship type and pleasure, straight men and women / 110
- 5.11 Orgasm and pleasure in most recent sex / 111
- 5.12 Multiple orgasms, by gender / 112
- 5.13 Multiple orgasms, by gender of sexual partner / 112
- 5.14 Orgasm in most recent mixed-gender sex / 113
- 5.15 Experienced pain in most recent sex / 116
- 5.16 Pain in most recent sex, by gender / 117
- 5.17 Pleasure and pain in most recent sex / 119
- 5.18 How difficult was it to become naturally lubricated in most recent sex? (women only) / 120
- 5.19 Types of lubricant used in most recent sex / 121
- 6.1 Proportion masturbating this month, by student status / 126
- 6.2 Proportion using sex toy/having oral sex this month, by student status / 126
- 6.3 Education level and sexual behaviour / 127
- 6.4 Language and sexual behaviours / 129
- 6.5 Proportion masturbating this month, by region / 130
- 6.6 Proportion engaging in partnered sex this month, by region / 131
- 6.7 Proportion using sex toy/giving oral sex this month, by region / 132
- 6.8 Proportion using sex toy/masturbating this month, by urban/rural residence / 133
- 6.9 Proportion engaging in oral sex in most recent sex, by religious affiliation / 135

- 6.10 Proportion using sex toy/giving oral sex this month,
by political leanings / 137
- 6.11 Proportion receiving oral sex in most recent sex,
by feminist identity (women only) / 138
- 6.12 Proportion using sex toy/engaging in oral sex this month,
by membership in racialized group / 139
- 6.13 Condom use, by membership in racialized group / 140
