

ISLAND LIFE

MAP SHEWING THE DISTRIBUTION OF THE TRUE JAYS.

1. *Garrulus glandarius*. 2. *G. cervicalis*. 3. *G. krynicki*. 4. *G. atricapillus*. 5. *G. hyrcanus*. 6. *G. brendani*. 7. *G. lanceolatus*. 8. *G. bispecularis*. 9. *G. sinensis*. 10. *G. tataricus*. 11. *G. japonicus*. 12. *G. liddi*.

ISLAND LIFE

Or, the Phenomena and Causes of
Insular Faunas and Floras, Including
a Revision and Attempted Solution of
the Problem of Geological Climates

By

ALFRED RUSSEL WALLACE

With a Foreword by

DAVID QUAMMEN

And an Introduction with Commentary by

LAWRENCE R. HEANEY

The University of Chicago Press
Chicago and London

Alfred Russel Wallace (1823–1913) was a British naturalist, explorer, geographer, anthropologist, and biologist, as well as a prolific author. **David Quammen** is the author of numerous books, including *Spillover* and *The Song of the Dodo*. **Lawrence R. Heaney** is curator and head of the Division of Mammals at the Field Museum in Chicago. He is the author of two books on island biodiversity and has coedited three others, including *Frontiers of Biogeography*.
