
Acknowledgments

This volume consists of papers presented at a conference held in Yountville, California, in April 2008. Most of the research was conducted as part of the program on the Economics of Aging at the National Bureau of Economic Research and was sponsored by the U.S. Department of Health and Human Services, through National Institute on Aging grant P01-AG005842. Any other funding sources are noted in the individual papers.

Any opinions expressed in this volume are those of the respective authors and do not necessarily reflect the views of the National Bureau of Economic Research or the sponsoring organizations.
