RUSSIAN CLASSICS  
*in* SOVIET JACKETS

И долго буду тем любезен я народу  
Что чувства добрые я лирой пробуждал  
Что в мой жестокий век восславил я свободу  
И милость к падшим призывал.

I shall be loved, and long the people will remember  
The kindly thoughts I stirred—my music's brightest crown—  
How in this cruel age I celebrated freedom  
And begged for ruth toward those cast down.
