

## ILLUSTRATIONS

|   |              |
|---|--------------|
| A KHOTTARA IN THE OASIS OF TIMMUDI, LOWER BASIN OF WADI SAURA . . . . .   | Frontispiece |
| THIS IS THE SAME THING AS THE EGYPTIAN SHADUF.  |              |
| WAVE FORMATIONS OF THE SMALL DUNES . . . . .  | 12           |
| REGION AROUND GARA KRIMA, SOUTH OF WARGLA.  |              |
| THE ADAX ANTELOPE OF THE ALGERIAN SAHARA . . . . .  | 20           |
| THIS ANIMAL HAS PRACTICALLY DISAPPEARED FROM THE ERG ER RAWI FOLLOWING A SINGLE HUNT WHICH AMOUNTED TO A MASSACRE.                          |              |
| THE "REG" . . . . .   | 30           |
| PART OF THE IMMENSE REG BETWEEN WALLEN AND TESSALIT. A POINT ON THE GRADIS-ESTIENNE AUTO-BUS ROUTE.   |              |
| THE PEAK OF MT. ILAMAN, SUMMIT OF THE AHAGGAR . . . . .   | 40           |
| THE DESERT CLIMATE PRODUCES AN EFFECT OF ALPINE "NEEDLES."  |              |
| THE DUNES FROM THE AIR: IN THE REGION OF EL WAD . . . . .   | 46           |
| THESE ARE YOUNG AND MEDIOCRE DUNES. A LARGE AND ANCIENT ERG WOULD SHOW A MORE CONFUSED RELIEF, WITH LESS REGULAR SEA-WAVE FORMATIONS.       |              |
| THE TRIDENT OF KUDIA, IN THE AHAGGAR . . . . .  | 50           |
| BRISTLING NEEDLE-POINTS RISING FROM A MODERATELY UNDU-LATING PLAIN. VIEW FROM THE MONASTERY OF FATHER DE FOU-CAULT, LOOKING TOWARD ACEKCEM. |              |
| CLARIAS LAZERA (CATFISH) . . . . .  | 59           |
| IN THE LIBYAN DESERT, VICINITY OF KHARGA . . . . .  | 62           |
| THE DESERT PENEPLANE: SIEGFRIED PASSARGE'S "ARCHIPELAGO LANDSCAPE."   |              |
| CAPTURE OF THE LOGONE BY THE BENUE . . . . .  | 71           |
| THE WADI SAURA AT KARZAZ, SHOWING THE COURSE OF THE WADI BETWEEN THE GREAT ERG AND THE DENUDED ROCKS OF THE UGARTA RANGE . . . . .          | 78           |
| THE PALM GROVES ARE IN THE BED OF THE WADI.   |              |
| TERMINAL COURSE OF THE SAURA . . . . .  | 81           |
| THE WADI SAURA AND ITS ERG . . . . .  | 83           |
| CAPTURE OF THE WADI SUSFANA BY THE GIR . . . . .  | 85           |

|  |     |
|--|-----|
| THE OASIS OF IN SALAH: ARRANGEMENT TO INSURE EQUITABLE DISTRIBUTION OF WATER AMONG ITS USERS . . . . .   | 88  |
| THIS TYPE IS CALLED IN FRENCH A "COMB." THE PARTITIONING OF THE WATER IS MADE THROUGH THE TEETH OF THE COMB. THE PALM HEDGES IN THE BACKGROUND ARREST THE ONSLAUGHT OF THE SAND.   |     |
| THE WADI IGHARGHAR AND ITS ERG . . . . .   | 92  |
| THE "DAYA" PLATEAU, SOUTH OF LAGHWAT . . . . .   | 100 |
| ONE OF THE DAYAS STANDS OUT CLEARLY IN THE IMMEDIATE FOREGROUND. TRACES OF CONVERGENT STREAMS CAN BE DISTINGUISHED, ATTESTING TO THE SLIGHT DEPRESSION.  |     |
| THE GORGES OF ARAK AT MUIDIR . . . . .   | 112 |
| CAMELS EXPORTED FROM ALGERIA TO EGYPT DURING THE WAR . . . . .   | 124 |
| THE QUAY IS THAT AT PHILIPPEVILLE.   |     |
| MEHARISTS OF ONE OF THE SAHARAN COMPANIES IN UNIFORM . . . . .   | 130 |
| THESE SOLDIERS ARE CHAAMBAS, AN ARAB TRIBE.  |     |
| FRETTED WOODWORK IN THE SACRED CITIES OF JEDDA AND YAMBO . . . . .   | 142 |
| ARTESIAN WELL, OASIS OF TOLGA, NEAR BISKRA . . . . .   | 152 |
| COLONNADE OF THE TEMPLE OF IBIS AT KHARGA (VIEWED FROM ABOVE) . . . . .  | 156 |
| THE OASIS OF KHARGA HAS NO MONUMENTS MORE ANCIENT THAN THE TEMPLE OF IBIS, BUILT BY DARIUS, THE PERSIAN CONQUEROR. THE PERSIANS, BEING NOMADS, TOOK A MUCH GREATER INTEREST IN THIS "GATEWAY TO THE DESERT" THAN DID THE SEDENTARY PHARAOKS.   |     |
| EMI KUSI . . . . .   | 163 |
| A CANYON OF MUIDIR (GORGES OF TAKUMBARET) IN THE SILURIAN (POSSIBLY CAMBRIAN) SANDSTONES . . . . .   | 164 |
| THE STRATIFICATION HERE IS SHARPLY HORIZONTAL.   |     |
| THE GASSI TUIL IN THE GREAT ORIENTAL ERG . . . . .   | 176 |
| THE WESTERN HALF OF THE ORIENTAL ERG IS NOT MASSIVE, BUT IS BROKEN UP INTO AN ARCHIPELAGO OF "SIFS," ALIGNED IN A NORTH-SOUTH DIRECTION AND INDEPENDENT OF ONE ANOTHER. THE SUBSTRATUM IS THE FIRM GROUND OF THE REG, REPRESENTING THE SEDIMENTARY DELTA OF THE IGHARGHAR. "GASSI TUIL" SIGNIFIES "MAIN STREET" OR "GRAND BOULEVARD." IN REALITY THERE IS A CHAIN OF THESE "STREETS," FOR THE MOST PART INTERCOMMUNICATING. THE PHOTOGRAPH WAS TAKEN FROM THE AIR AT A HEIGHT OF 3,300 FEET. |     |

| ILLUSTRATIONS  | xvii |
|--|------|
| THE AHAGGAR . . . . .  | 182  |
| OASIS OF SUF, REGION OF EL WAD . . . . .   | 188  |
| VILLAGE IN THE FOREGROUND. IN THE MIDDLE DISTANCE PALM GROVES GROUPED IN FUNNEL-SHAPED FORMATIONS OR SAND CRATERS.   |      |
| TYPICAL SAHARAN KSAR: TEMACIN IN THE WADI R'IR . . . . .   | 198  |
| THE STREET IS FOR THE USE OF THE MEN; THE UPPER STORY OF COMMUNICATING TERRACES IS RESERVED FOR FEMININE LIFE. THE ARCHITECTURE IS URBAN AND SOPHISTICATED, BUT THE WHOLE CONSTRUCTION IS OF HARDENED MUD.   |      |
| TUAREGS, MAN AND WIFE . . . . .  | 206  |
| THE MUSICAL INSTRUMENT HELD BY THE WOMAN IS AN "AMZAD."  |      |
| THE FIRST BROKEN STUMPS OF THE ADRAR DES IFOR'ASS SURGE UP ABRUPTLY FROM THE REG, WHEN ONE APPROACHES FROM THE NORTH . . . . .   | 222  |
| THE AUTO ROUTE BETWEEN SILET AND TIN ZAUATEN.  |      |
| VENTILATION VENTS OF THE FOGGARAS AT REGGAN, LOWER TUAT . . . . .  | 234  |
| EACH MOLEHILL IS THE OPENING OF A SHAFT; THE LINE OF THESE SHAFTS MARKS OUT THE UNDERGROUND FOGGARAS, RUNNING ALL THE WAY TO THE PALM GROVE, WHICH CAN BE DISTINGUISHED ON THE HORIZON TO THE LEFT. THE SQUARE BUILDING IS THE AUTOMOBILE CARAVANSARY, OR INN. THE RECTANGULAR WHITE SPOT AT LEFT OF THE ENTRANCE BEARS AN ARROW WITH THE INSCRIPTION: BOUREM — 745 MILES. |      |
| MAP OF THE SAHARA . . . . .  | 264  |
