

ANTIDEMOCRACY IN AMERICA

Public Books Series

Sharon Marcus and Caitlin Zaloom, Editors

Founded in 2012, *Public Books* is required reading for anyone interested in what scholars have to say about contemporary culture, politics, and society. The monographs, anthologies, surveys, and experimental formats featured in this series translate the online experience of intellectual creativity and community into the physical world of print. Through writing that exemplifies the magazine's commitment to expertise, accessibility, and diversity, the Public Books Series aims to break down barriers between the academy and the public in order to make the life of the mind a public good.
