

Journal of the American Osteopathic Association

Subject Index to Volume 99

Monthly page numbers in this Subject Index are continuous through each issue.

Included are entries for all original articles, editorials, letters, and research abstracts. Editorial titles are listed alphabetically under the heading EDITORIALS.

MEDI-NOTES include entries by month with pagination. BOOK REVIEWS also include entries by month, with pagination.

The Author Index appears in the December 1999 issue of *JAOA*.

Subject index

The index includes subject entries for all original articles identified by an asterisk (*), editorials identified by the letter "E," letters by the letter "L," and research abstracts by the letters "RES." Editorials are also listed alphabetically by title under the heading EDITORIALS. Research abstracts, presented at the 1999 AOA Convention in San Francisco in October, are listed alphabetically under the heading RESEARCH ABSTRACTS. Entries for contents of federal update are listed under the heading FEDERAL UPDATE, then by month and page.
