

ACKNOWLEDGMENTS

It is a pleasure to acknowledge our many debts to friends and colleagues. We would like to thank, first and foremost, the authors whose work is collected here. We are grateful to the anonymous readers from the University of Texas Press for their incisive comments and helpful suggestions. We feel greatly indebted to Theresa May, editor-in-chief at the University of Texas Press, for her patience and support, as well as her early interest in this project. Thanks also to Leslie Doyle Tingle, assistant managing editor at the University of Texas Press. A fellowship from the City University of New York enabled Kenneth Speirs to devote more time and energy to this book. And our gratitude to the sustaining presence of our families.
