

Tables

Table 1. Ceramic counts from 1994 test pits, arranged north to south	63
Table 2a. Inventory of general artifact counts from Estructura 1, Units 300, 301 and 302	77
Table 2b. Inventory of special finds from Estructura 1, Units 300, 301 and 302	77
Table 3. Inventory of special finds from Estructura 2	99
Table 4a. Inventory of special finds from Estructura 1, Units 303, 304, 305, and 306	118
Table 4b. Inventory of general finds from Estructura 1, all units	119
Table 5a. New female and male PhDs focused on paleoethnobotanical research	136
Table 5b. Female and male contributors to edited volumes on paleoethnobotanical research	136
Table 6. Inventory of special finds from Estructura 3	142
Table 7a. Distribution of chalcedony within Núcleo 1	167
Table 7b. Distribution of obsidian within Núcleo 1	168
Table 8. Diagnostic ceramics by level from Estructura 11	183
Table 9. Seed remains from PP 12A (1996) and other contexts	191
Table 10. Inventory of special finds from Estructura 4	213
Table 11. Inventory of special finds from Estructura 5	231
Table 12. Comparative characteristics of Yutopian structures	244
Table 13a. Calibrated ¹⁴ C dates (BP) from Yutopian, arranged earliest to latest, given at 1-sigma and 2-sigma confidence levels	246
Table 13b. Calibrated ¹⁴ C dates from Yutopian showing their relationships to excavated structures	247
Table 13c. Distribution of ¹⁴ C calibrated dates (BP) across Yutopian site sectors	247
Table 14. Deposits associated with passageway entrances	263
Table 15. Distribution of faunal taxa at Yutopian	282
Table 16. Distribution of ceramic vessel forms by structure at Yutopian	286
Table 17. Distribution of obsidian in Núcleo 2	290

Tables

Table 18. Distribution of small denticulated triangular points	291
Table 19. Distribution of side-struck flakes by size and depth	298
Table 20. Distribution of ceramic cross-mends in Estructura 4	299
Table 21. Distribution of lapis lazuli beads in Estructura 4	300
Table 22. Distribution of spindle whorls from Yutopian	305
Table 23. Comparative features of Yutopian and Cardonal	311
Table 24. Distribution of test pits and ceramic counts across Cardonal	320
Table 25. Inventory of special finds from the 2004 Cardonal field season	324
