

PUBLISHER'S NOTE

This translation of Justo Sierra's *The Political Evolution of the Mexican People* is based on Edmundo O'Gorman's 1948 Spanish edition, published by the National University of Mexico as Volume XII of *Obras completas de Maestro Justo Sierra*. A new Introduction by Professor O'Gorman and Alfonso Reyes' Prologue to an earlier edition (Mexico City: La Casa de España en México, 1940) have been added.

Notes by Edmundo O'Gorman occasionally have been inserted into the text in brackets, and those referring to supplementary reading in Spanish have been deleted except where information on English translations could be substituted. All of the notes by Sierra have been retained.
