

## *Acknowledgments*

The preparation of the manuscript for this book benefitted from the support of many individuals. We are grateful for the advice and feedback to earlier drafts of the manuscript received from our collaborators (Søren E. Frandsen, Arie Kuyvenhoven, and Joachim von Braun) and the members of the Advisory Task Force (Kwadwo Asenso-Okyere, Bernard Bashaasha, Sattar Mandal, Eugenia Serova, Fernando Vio, Zhong Tang, Ricardo Uauy, and Funing Zhong).

We are grateful for the feedback received from faculty and students who used earlier drafts of the manuscript and/or the related case studies in courses held at several universities including: Alem Araya, Mekelle University, Ethiopia; Anoma Ariyawardana, University of Peradeniya, Sri Lanka; Subhasish Biswas, West Bengal University of Animal and Fishery Science, India; Bethany F. Econopouly, Patrick F. Byrne, and Marc A. Johnson, Colorado State University; Zhongxing Guo, College of Public Administration, Nanjing Agriculture University, China; Sheryl Hendricks, African Centre for Food Security, University of KwaZulu-Natal, South Africa; Zakir Hussain, University of Sargodha, Pakistan; Charles Jumbe, Bunda College, University of Malawi, Malawi; Shiv Kumar, National Centre for Agricultural Economics and Policy Research, India; Yu Leng, Antai College of Economics and Management, Shanghai Jiaotong University, China; Emily Levitt and Suresh Babu, American University and IFPRI; Reneth Mano, University of Zimbabwe, Zimbabwe; Gideon Obare, University of Hohenheim, Germany; Robert Paarlberg, Harvard University; Anthony Panin, CMAAE Program, University of Pretoria, South Africa; Beatrice Rogers, Tufts University; Basanta K. Sahu, Indian Institute of Foreign Trade (Deemed University), India; Le Ha Thanh, Hanoi National Economics University, Vietnam; and Henrik Zobbe, University of Copenhagen, Denmark.

The preparation of the manuscript benefitted greatly from the technical support by Mary-Catherine French, Colleen Boland, and Lynne Morgan. Comments and suggestions by an anonymous reviewer strengthened the manuscript.
