## Abbreviations

While this manuscript was in preparation, Southern Illinois University Press had not yet finished its publication of Dewey's complete works. Whenever possible, therefore, citations refer to editions more commonly found in circulation. I have used the Southern Illinois edition of previously unpublished works; and these have been abbreviated, with the appropriate volume number, as follows: *EW (Early Works)*, *MW (Middle Works)*, and *LW (Later Works)*. References to other works of Dewey are abbreviated as follows:
