## MANCHESTER MEDIEVAL LITERATURE AND CULTURE

*Manchester Medieval Literature and Culture* publishes monographs and essay collections comprising new research informed by current critical methodologies on the literary cultures of the Middle Ages. We are interested in all periods, from the early Middle Ages through to the late, and we include post-medieval engagements with and representations of the medieval period (or 'medievalism'). 'Literature' is taken in a broad sense, to include the many different medieval genres: imaginative, historical, political, scientific, religious. While we welcome contributions on the diverse cultures of medieval Britain and are happy to receive submissions on Anglo-Norman, Anglo-Latin and Celtic writings, we are also open to work on the Middle Ages in Europe more widely, and beyond.
