## Journal of Geodetic Science – ‘Topical Issue’ Proposal Form

Please fill the form and send to: [jan.barabach@degruyteropen.com](mailto:jan.barabach@degruyteropen.com)

Journal of Geodetic Science is a peer-reviewed, electronic-only journal that publishes original, high-quality research on topics broadly related to Geodesy. The journal focuses on theoretical and application papers.

### Type of issue

Conference ☐ Place:  Date:  /  /  Link to conference   
Other ☐

### Topic/Subject of special issue

### Scope of the issue

- |   |   |
|---|---|
| <input type="checkbox"/> Surveying Engineering                  | <input type="checkbox"/> Satellite Gravimetry                                   |
| <input type="checkbox"/> Inertial Geodesy                       | <input type="checkbox"/> Global Navigation Satellite Systems (GNSS)             |
| <input type="checkbox"/> Geodetic Networks                      | <input type="checkbox"/> Geometric Geodesy                                      |
| <input type="checkbox"/> Geoid determination and height systems | <input type="checkbox"/> Numerical methods and software developments in Geodesy |
| <input type="checkbox"/> Deformation Analysis                   | <input type="checkbox"/> Geodynamics  |
| <input type="checkbox"/> Marine Geodesy                         | <input type="checkbox"/> Geophysical Geodesy                                    |
| <input type="checkbox"/> Adjustment Theory                      | <input type="checkbox"/> Geometric Geodesy                                      |
| <input type="checkbox"/> Satellite Altimetry                    | <input type="checkbox"/> Other <input type="text"/>                             |
| <input type="checkbox"/> Mathematical Geodesy                   |   |
