LEXICOGRAPHICA. Series Maior

Supplementary Volumes to the International Annual for
Lexicography / Suppléments à la Revue Internationale de
Lexicographie / Supplementbände zum Internationalen
Jahrbuch für Lexikographie

Lexicographica. Series Maior features monographs and edited volumes on the topics of lexicography and meta-lexicography. Works from the broader domain of lexicology are also included, provided they strengthen the theoretical, methodological and empirical basis of lexicography and meta-lexicography. The more than 160 books published in the series since its founding in 1984 clearly reflect the main themes and developments of the field. The publications focus on aspects of lexicography such as micro- and macrostructure, typology, history of the discipline and application-oriented lexicographical documentation.
